VIEW ACCOUNT STATEMENT – TYPES OF TRANSACTION

The types of transactions are stated below.

Pre-Authorisation – This transaction occurs when you place a successful bid (Hard Bid / Auto Bid) or use the Buy-It-Now successfully. 10% of your bid amount is held on your bank card.

Void – This transaction occurs when you have been outbid. The Pre-Authorisation amount is released back to your bank card.

Deposit – This transaction occurs when the auction has ended for an item you bid on and you have been declared the winner (highest bidder). The Pre-Authorisation amount is taken from your bank card and registered as a deposit on your E-Wallet account.

Debit – This transaction occurs the auction has ended for an item you bid on and you have been declared the winner (highest bidder). The Full amount of your bid is registered on your E-Wallet account.

Transfer – This transaction occurs after you have notified us of payment made (using the Payment Notification Form) from your outstanding amount (i.e. 90% of your Bid amount yet to be paid)

Credit – This transaction occurs after we have confirmed and approved receipt of your payment.
